Wine and Viticulture Notes

Our most critically acclaimed wine! 2022 was a bountiful year for us at Chain Reaction Winery as it was for many wineries in the Okanagan. We were thrilled to make 212 cases of our estate Pinot Noir which was a huge jump from 37 cases in 2021 (our first vintage from this new planting). Despite the huge jump in volume, we crop low to help ensure we are producing an elite, exquisite wine.

This wine is a blend of two clones - 115, which provides structure and intensity and 943, which provides elegance and finesse.

This robust New-World style Pinot Noir has alluring aromas of dried black currant, cedar, dried cranberries, Nutella, and a touch of forest floor on the nose. The palate is complex and mirrors the nose with notes of dried cranberry, black berry, bright red cherry, salted caramel chocolates, well-integrated oak with smooth, silky tannins. This is one that will continue to age very gracefully in the cellar.

Technical Information

CSPC/SKU	379988	Wholesale Price	$27.49
Acid	5.6 g/L	pH	3.8
RS	0.3g/L	Alcohol	13.9%
Production	212 cases	Variety	Pinot Noir
Vineyard	Naramata Bench (Estate vineyard)	Harvested	Oct. 13, 2022
Bottled	Sept. 9, 2023	Listing Status	Winery online / direct

Winemaking

- The grapes were hand harvested, gently destemmed, and left as whole berries to cold soak for three days.
- Wild fermented, finished by fermenting with a select yeast strain, not exceeding 25 degrees.
- Aged 10 months in 500 litre large format French oak puncheons.
- Finished wine was unfined and only lightly filtered.
